TERMS AND CONDITIONS OF SALE

This list cancels all previous quotations.

TERMS. Usual terms of 60 days, to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references required of unknown parties.

ORDERS must be made up in 10s or multiples of 10 at these prices.

GUARANTY. All agreements and contracts are made subject to loss of stock by drought, floods, fire, insects or any other unavoidable causes. We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any nursery stock, seeds or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS, for any cause, must be made promptly on receipt of goods.

NOTICE. We have always made it prominent in our printed terms that our goods are sold F.O.B. the cars at point of shipment and are at the purchaser's risk while in transit. Because of the present unsettled conditions we wish to emphasize still further that we do not guarantee safe delivery. The ownership of all goods sold by us passes to the purchaser on delivery by us to the carrier and the issuing of a receipt by the carrier ends our responsibility. And claims for damage should be made promptly to the agent at the point of delivery.

Boxes will be charged for at the rates noted below. We are obliged to make some increases in our box charges this season, because of the very great advances in the cost of lumber, nails and labor. The increases do not really cover the increased cost to us.

APPLES, DWARF, 2 years

For some years have budded a considerable quantity of apples on English Paradise stocks. This stock dwarfs the mature trees considerably and brings them into fruiting at a much earlier age than standard trees. The dwarf trees are much in demand for planting in city lots where space is limited and for using as fillers in commercial orchards, so as to obtain some income before the standard trees come into bearing.
